SENSUOUS JEWELLERY  
GERMANY

Collection

“For me, things must be both  
fluid and soft. Jewellery should  
simply melt into a oneness with  
the woman who wears it.”

*Christian Stockert*

# Sensuous Jewellery

Discernible quality ultimately fuses knowledge and expertise with joy, passion and just a touch of obsession.

In order to meet these exacting standards, Christian Stockert's unique design philosophy combines a perfect harmony of colour and form with the finest gemstones, pearls and diamonds.

Christian's commitment to tradition, honouring creativity and craftsmanship but also celebrating innovation, leads to a new and fascinating style – modernity meets classicism. Jewellery to accompany you through life – to the office, out shopping, to a special dinner.

Cherished pieces with no “sell by date”, contemporary designs to last forever maintain the balance between elegance and spirit. That's Christian's interpretation of timelessness.
